Thank you for your interest in the products of Montana Agriculture!

Agriculture is our state's largest industry and her economic foundation. We're tremendously proud of everyone who has a hand in producing, processing and merchandising the great variety of products which come from Montana. Working in partnership with nature, they efficiently provide the food and fiber needs for many times their number across the nation and throughout the world.

The Montana Department of Agriculture is pleased to be a key player on this team. Our marketing staff is assisting both buyers and sellers in developing new opportunities, and in providing new avenues of market enhancement.

The 1994-95 Montana Agricultural Buyers Directory is another valuable tool which will assist you in contacting suppliers and producers. We offer it in the hope that you'll find it helpful in our changing and dynamic industry.

Sincerely,

Leo A. Giacometto
Director
